October 2024

You all have been so gracious to share with us what is working well for you as you reach women around the country. Thank you. You have also been gracious and honest to share with us what has been challenging for you, and we have listened.

Your feedback identified an incredible opportunity for us to improve some of our key processes. We want to explain why these updates are important and how they benefit you.

In the video below, Eliza and Willa outline key points of information you'll want to know. Please be sure to review the full video as it will cover many needed details you'll need over the coming weeks.

They include updates and reviews regarding:

- Implementation of new forms and financial processes
- Release of the Ministry Guide and how to access it
- Affirmation of the Essential Documents
- Introduction of the new leader website

Again, the video will outline each of these in more depth. Our prayer is that this serves you and the ministry well.

It's our pleasure to continue to serve you as your national staff, as we continue with our vision, to see every woman reconciled to God through Jesus Christ.

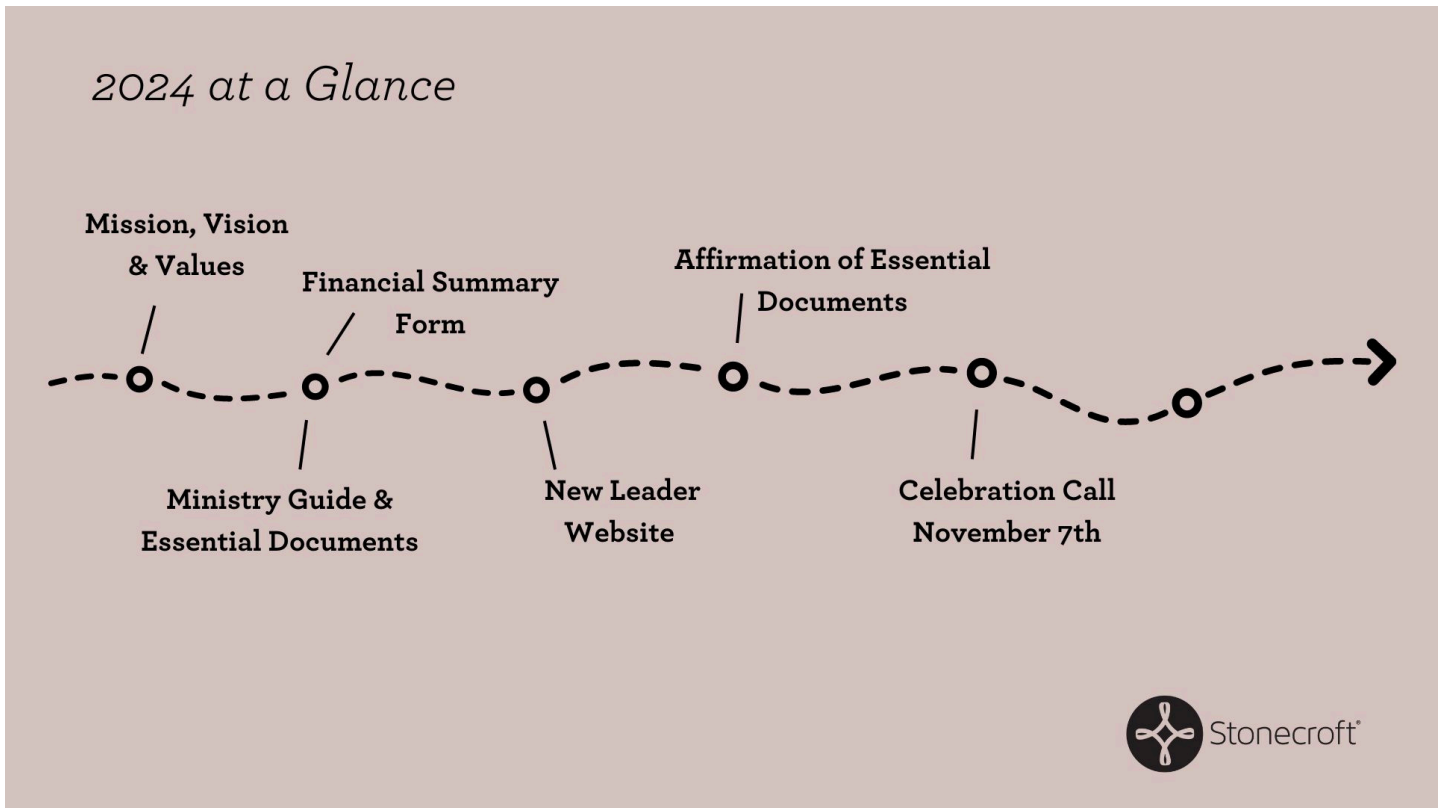

Don't hesitate to reach out to Connections@stonecrock.org. Or if you have questions specifically about group finances, email Brandy at Groupfinances@stonecrock.org.

This is an ongoing work. We praise God for every woman who is growing in her confidence to share her faith, and we are so excited whenever we hear someone say a big "YES!" to a new life with Jesus because a Stonecrock woman courageously shared.

We are here for you, so you can be here for her.

The best is yet to come,
Your Stonecrock Staff Family.

LEADERSHIP TIP WITH LYNNE

Lynne Jordan

PROGRAM SPECIALIST

Leaders lead with care. President Theodore Roosevelt so eloquently stated that “No one cares how much you know until they know how much you care.” When people feel cared for they will feel respected, seen, and heard, and they will drop their defenses and open up and share the best of themselves and co-create great outcomes alongside the leader. Care about outcomes? Then first care about those you lead.

UPCOMING OPPORTUNITIES TO CONNECT
